## Floor Plan

The "Hartford", Plan# 1762, a 3 Bedroom, 2 Bath plan that works well on a narrow lot but yet has a double car Garage. Designed to be built on a slab or crawl space, it could be easily modified for a basement. The wall height is 9' throughout this home. The Covered Porch provides a nice entry into a Foyer adjacent to a nice Dining Room and Kitchen. The large Great Room has a nook area which would be great for informal dining. The Master Bedroom has a large walk-in closet and bath area that complete this nice home.
